

EDITOR'S NOTE

1988 is a busy year, with the Bicentennial celebrations and the joint IFLA/LAA conference. News of forthcoming conferences and other events is now at the front of the newsletter for quick reference. The ASAA conference takes place in February; we hope to have a display of East Asian word processors in the Asian Studies Faculty building during the first three days of the conference. Are you submitting a paper for the EALRGA forum on the Sunday evening? Please contact Nikki White if you intend to do so.

May we remind you about membership renewals; please help to keep the Group viable by paying your dues.

The next newsletter is due in May, 1988. We welcome East Asian news on collections, acquisitions, automation, staff, research, etc. Please send your contributions by April 30th to the editor.

Susan MacDougall
October 30th, 1987
