

COMMITTEE'S CORNER

Gao Min's article is the first to be printed in Chinese in the EALRGA Newsletter. It was written on the Apple Macintosh using the word processing package 'Zhongwen Talk' at the Australian National University Library.

Members' contributions to the newsletter are always welcome. Please contribute if you can! In addition to reports, research, and library and resources news, we shall consider publishing letters to the editor and software reviews of CJK word processors or library packages. The deadline for the next issue is April 30th, 1990.

The Committee extends all best wishes for the Festive Season.
